# Children & Young Persons Asthma Training Day

**Date:** 30th June 2026  
**Times:** 0930-1630  
**Venue:** Wiltshire & Bath Air Ambulance Airbase, Outmarsh, Semington, Wiltshire, BA14 6JX  
**Places available:** 15  
**Fee/s:** NfP Members £105  
Non-Members £150

**This workshop is suitable for: HCPs who will be seeing and assessing children and young people in a primary care setting. It is designed for those who already have some knowledge of asthma, drugs and diagnosis.**

## Introduction

The care of children and young people with asthma is mostly undertaken in the primary care setting. This course will consider the aspects of care and diagnosis that make this group of patients challenging to many clinicians.

## Learning Outcomes

- Identify the challenges in diagnosis of children and young people
- Be aware of the differences in objective testing
- Identify the drug licencing issues that are relevant to this age group and determine an appropriate course of treatment
- Identify relevant guidelines and sources of support and information

## Topics covered:

- Diagnosis, probability and objective testing
- Potential differential diagnosis
- Appropriate medication
- When to refer on
- Asthma action plans for children and young people

*"Well structured. Informative. Very good day"*

*"Fantastic update, so much information and a good range of teaching"*
