Trainer Information

Joanne Haws (RN MSc) is a registered nurse who held a variety of roles within the UK NHS before setting up in business as an independent consultant in 2010. Joanne is the Clinical Director of Learn With Nurses, a Community Interest Company providing online clinical education that is accessible to healthcare professionals globally. She is past Chair of the Nurses and Allied Health Professionals Special Interest Group of The British and Irish Hypertension Society and has authored many publications in the nursing and cardiology press both in the UK and internationally. She sits on the Editorial Board of Practice Nurse Journal and is a regular features contributor. Joanne is a Senior Clinical Consultant on the NHSE-commissioned National CLEAR Programme delivering clinically-led transformation across England. She has been a Specialist Advisor to the Care Quality

To book a place/s email

bookings@networkforpractices.co.uk

Our acceptance of your booking brings into existence a legally binding contract between us on the following Terms & Conditions - If places are booked but cancelled before payment has been made or a candidate DNAs, the fee will remain due. Cancellations will attract a refund if the course is subsequently fully booked. To avoid any confusion, we ask that Cancellations are by email only. We will make every effort to resell the cancelled place. Where places are free a £45 charge will be applied to cancellations/DNAs. Payment is required within 30 days from date of invoice.

Coronary Heart Disease Update

Date: 10th July 2026
Times: 0930-1300
Venue: Zoom Online Platform
Places available: 15
Fee/s: NfP Members £65 / Non-Members £110

This workshop is suitable for: Nurses & similarly registered HCPs.

Introduction

Cardiovascular disease continues to place huge pressure on primary care, and nurses play a vital role in improving outcomes. This focused session will strengthen your clinical confidence, refresh key CHD knowledge, and give you practical tools to enhance every annual review. From understanding the disease process to applying guidelines, optimising treatment, and supporting behaviour change, you'll gain clear, actionable strategies to deliver high-quality, person-centred cardiovascular care.

Learning outcomes:

- ♥ To recognise the burden of cardiovascular disease (CVD)
- ♥ To be familiar with the pathophysiology of CHD
- ♥ To be familiar with relevant policy and guidance
- ♥ To recognise the importance of effective annual reviews
- ♥ To be familiar with pharmacological and non-pharmacological management of CHD
- ♥ To recognise the importance of supporting self-management

Content:

- ♥ The Big Problem: Cardiovascular disease in the UK today
- ♥ Recap on Coronary Heart Disease – what's happening in the arteries
- ♥ What do the guidelines say?
- ♥ The Fab Four: Pharmacological management of CHD
- ♥ Does lifestyle really matter?
- ♥ Supporting behaviour change
- ♥ Practicalities of running a CHD clinic
- ♥ Adding value to the annual review

"It was a session that did not disappoint. Excellent session with good group participation and discussion"

"I felt it was perfectly targeted to my level of practice and understanding"
