QOF Back to Basics/Introduction to QOF

Network for Practices Ltd

www.networkforpractices.co.uk

Trainer Information

Insight Solutions have been lucky to have **Kit Markey** on board since May 2017. Prior to this, Kit learnt all about general practice working in a very large, multi-site practice in Portsmouth. Kit has become an all-round primary care IT expert - Emis Web, SystmOne, QOF, prevalence, enhanced services, coding & data quality to name but a few. Kit's breadth and depth of knowledge is exceptional, Kit's style will result in him delivering an interesting session (on not always the most interesting topics!) with clear, simple messages, allowing time for audience participation.
