### Cherry Brennan,

RM BSc Midwifery (HONS) PG Cert  
Global Health and Wellbeing.

Cherry is a registered Midwife, who qualified in 2004. She has worked in both community and hospital-based teams, as well as managing maternity services. Cherry completed her PG Cert in Global Health and Well-Being in 2018 and has special interests in public health.

Cherry loves teaching and mentoring and is a regular faculty member on 'emergency skills' training and 'train the trainer' courses, for various maternity units and health charities. She was lucky enough to travel to Ethiopia to support a health charity in 2013 and this experience led to her becoming a faculty member on a teaching programme in London, which prepares Doctors and Surgeons for deployment to resource poor countries.

During the pandemic, Cherry has led as Matron one of the Mass Vaccination Centres, providing immunisations to over 1200 individuals a day.

#### To book a place/s email

[bookings@networkforpractices.co.uk](mailto:bookings@networkforpractices.co.uk)

Our acceptance of your booking brings into existence a legally binding contract between us on the following **Terms & Conditions** - If places are booked but cancelled before payment has been made or a candidate DNAs, the fee will remain due. Cancellations will attract a refund if the course is subsequently fully booked. To avoid any confusion, we ask that **Cancellations are by email only**. We will make every effort to resell the cancelled place. Where places are free a £25 charge will be applied to cancellations/DNAs. Payment is required within 30 days from date of invoice.

#### Learning Outcomes / Workshop Objectives

This Immunisation Training Workshop aims to cover the core curriculum areas as specified within the National Minimum Standards and by the end of the course the candidate should feel equipped to deliver safe and effective immunisations with a high standard of care, whilst following national and local policies and schedules.

#### Course Content

- Principles of vaccination
- Current UK immunisation schedule
- At risk individuals and those of unknown vaccination status or from overseas
- How the immune system works
- Current vaccine preventable disease
- Different types of vaccine and how they work
- Injection technique
- Consent and working with parents with discussion on potential side effects including anaphylaxis (brief update)
- Cold chain, storage and supply of vaccinations
- Legal aspects of vaccination

*This training is part of a flexible and blended learning approach to training on this topic. Separate sessions are available for Flu/Pneumo/Shingles.*

*Anaphylaxis is taught through an eLearning module (available free to Candidates with an NHS email address).*

*A Clinical Supervisor is required back at Practice to observe, support and sign-off the Candidates competency to commence immunisations.*

*“Very friendly and knowledgeable”*

*“Course was really well organised – clear learning objectives”*

*“Easy to follow, kept my interest”*

**Registered Office: Frome Medical Centre, Enos Way, Frome, Somerset, BA11 2FH**
