Venue: Microsoft Teams Online Platform

Places available: 15

Fee/s:	NfP Members	£45
	Non Members	£90

This workshop is suitable for: Practice Managers and anyone responsible for CQRS.

Trainer Information

Insight Solutions have been lucky to have **Kit Markey** on board since May 2017. Prior to this, Kit learnt all about general practice working in a very large, multi-site practice in Portsmouth. Kit has become an all-round primary care IT expert - Emis Web, SystmOne, QOF, prevalence, enhanced services, coding & data quality to name but a few. Kit's breadth and depth of knowledge is exceptional, Kit's style will result in him delivering an interesting session (on not always the most interesting topics!) with clear, simple messages, allowing time for audience participation.

The aim of the session is to give you a full understanding of how CQRS works.

We will cover:

- What is CQRS?
- Logging into CQRS
- Familiarisation Overview
- Managing Participation
- Manual Submissions
- Claiming Payments - Manual
- Automated Extractions
- Declaring Achievement
- CQRS Reporting
    - QOF Achievement
    - QOF PCA's
    - Annual Activity Summary

There will be an opportunity to ask questions during the session.
